and approved undertakings require particular protections against credit, operational, and market risk:

(i) In the event that the undertaking is to honor by delivery of an item of value other than money, the State savings association should ensure that market fluctuations that affect the value of the item will not cause the State savings association to assume undue market risk;

(ii) In the event that the undertaking provides for automatic renewal, the terms for renewal should allow the State savings association to make any necessary credit assessment prior to renewal;

(iii) In the event that a State savings association issues an undertaking for its own account, the underlying transaction for which it is issued must be within the State savings association's authority and comply with any safety and soundness requirements applicable to that transaction.

(3) *Operational expertise.* The State savings association should possess operational expertise that is commensurate with the sophistication of its letter of credit or independent undertaking activities.

(4) *Documentation.* The State savings association must accurately reflect its letters of credit or approved undertakings in its records, including any acceptance or deferred payment or other absolute obligation arising out of its contingent undertaking.

(b) Any State savings association that is adequately capitalized may, to the extent it has legal authority to do so, invest in obligations (including loans) of, or issued by, any state housing corporation incorporated in the state in which such State savings association has its home or a branch office; provided (except with respect to loans), that:

(1) The obligations are rated in one of the four highest grades as shown by the most recently published rating made of such obligations by a nationally recognized rating service; or

(2) The obligations, if not rated, are approved by the FDIC. The aggregate outstanding direct investment in obligations under paragraph (b) of this section shall not exceed the amount of the State savings association's total capital.

(c) Each state housing corporation in which a State savings association invests under the authority of paragraph (b) of this section shall agree, before accepting any such investment (including any loan or loan commitment), to make available at any time to the FDIC such information as the FDIC may consider to be necessary to ensure that investments are properly made under this section.

### § 390.269 Prohibition on loan procurement fees.

If you are a director, officer, or other natural person having the power to direct the management or policies of a State savings association, you must not receive, directly or indirectly, any commission, fee, or other compensation in connection with the procurement of any loan made by the State savings association or a subsidiary of the State savings association.

### § 390.270 Asset classification.

(a)(1) Each State savings association must evaluate and classify its assets on a regular basis in a manner consistent with, or reconcilable to, the asset classification system used by the FDIC.
